Rekindle the romance onboard the private accommodations of a 1950 vintage sleeping car. Each double bedroom features a private enclosed bathroom with sink and toilet, classic upper and lower single beds, and individual climate controls. The dividing wall between some of the adjacent bedrooms can be opened to create a suite sleeping four. Each car features a dressing room with a shower that guests may use in the morning.

blasts of the horn and the train begins its' journey through the scenic northwoods. As the train meanders along tracks originally laid in 1880, your porter will bring your dinner salad, followed shortly by soup de jour and then your choice of one of five entrees.

After dinner, relax at your table and enjoy a scrumptious dessert or stroll down the length of the train to the dance car and listen to your favorite music on the free play jukebox. Retire early or stay up till dawn your experience is what you make of it aboard the train.

Once the train returns to the station around 9:00 pm it will remain parked for the remainder of your experience. You can use the time to play a game or read a book, have a few cocktails, or even take a stroll on the platform and sit around a fire and enjoy the beautiful outdoors. Your porter will be in the lounge serving drinks until late and be available throughout the night.

LUXURY ON RAILS OVERNIGHT ABOARD THE MAGNIFICANT BUSINESS CAR

Few of life's experiences rise to the level of truly great and fewer yet create memories that you will cherish forever. Spending a night onboard the Business Car is one of those special experiences that was once reserved for only the rich and famous. From the 1850's to the 1940's there was no form of transportation that was more exclusive and none more luxurious. Now you have the opportunity to experience one of life's great pleasures by booking your room on the *Business Car*.

**First Class
\$429
Couple**

Originally constructed for the Sante Fe Railroad by the great Pullman Company in 1914, the car saw regular service between Los Angeles and Chicago and probably entertained many of the great names of the period. In 1948, the car went to the Seaboard Air Line and was remodeled for executive service. The *Business Car* features polished mahogany throughout. You can wave at envious crowds from the same open back platform that famous politicians and movie stars have before, or relax in the spacious and comfortable lounge with an ice cold beverage. Your personal stateroom features a 3/4 size bed, mahogany dresser and closet, and a tiled bathroom complete with your own private shower. Unlike the plain cars of the average millionaires, the *Business Car* is so exclusive that every stateroom has private facilities. The car was built for the exclusive comfort of six guests and has been meticulously maintained since leaving railroad service over 30 years ago. Looking to celebrate a birthday or anniversary, or simply to experience what

it was like to travel like a king, an overnight in First Class will certainly please.

The *Business Car* is available as a First Class upgrade to our popular Bed & Breakfast service. Boarding begins at 5:00 pm, once you're settled in, the train departs at 6:00 pm on a leisurely roundtrip during which you will be served a 4-course dinner in the formal dining room. After dinner you may enjoy private time in your stateroom, step out on the open platform, or relax with an after dinner drink in the spacious lounge. A hot breakfast will be served in the morning prior to check out around 10:00 am.
